3 Questions With a CSI Employee -Brandon Beam, Delievery Driver

1. What was one of the most difficult deliveries you've done for CSI? *Plattsmouth, Cass County Courthouse. There were about 30 steps all at a 45 degree angle. The furniture we delivered was also very heavy and large. (See an example below.)*
2. What is one location you've visited in Nebraska you'd recommend to visit? *We ate our lunch at Carhenge, it's the silliest thing I've seen, but it was fun to look at. Second place I would recommend is Devil's Backbone by Arthur, Nebraska.*
3. How excited are the customers when you deliver their products? *The most excited customers are the people who work for NDCS that get their year (5, 10, 15 etc.) recognition awards. When I get to personally hand deliver them, it's really cool!*

Cass County Courthouse products Brandon delivered.
